Petition to stop Utility Source, LLC's unfair water rate increase to the residents of Bellemont, Arizona

Petition summary and background	Utility Source, LLC has proposed a 98.14% increase for water service rates and a 250.3% increase in wastewater service rates for the community of Bellemont, Arizona.
Action petitioned for	We, the undersigned, are concerned citizens who oppose the water/waste water rate increases as proposed by Utility Source, LLC. We, the undersigned, believe this proposed rate to be duly unfair and without merit . We are a small community of 221 single residential homes and 105 townhomes and any water rate increase or wastewater service increase over 5% would pose an unfair and unwarranted hardship to our community. The Commission granted Utility Source, LLC an increase of 111% in 2007 to Bellemont residents. An increase of 209% in seven years to our middle class community, in light of the economy and current recession, puts our residents in economic hardship. We respectfully ask the Arizona Corporation Commission to deny Utility Source, LLC it's unfair and unwarranted water rate increase.

Petition to stop Utility Source, LLC's unfair water rate increase to the residents of Bellemont, Arizona

Petition summary and background	Utility Source, LLC has proposed a 98.14% increase for water service rates and a 250.3% increase in wastewater service rates for the community of Bellemont, Arizona.			
Action petitioned for	<p>We, the undersigned, are concerned citizens who oppose the water/waste water rate increases as proposed by Utility Source, LLC. We, the undersigned, believe this proposed rate to be duly unfair and without merit. We are a small community of 221 single residential homes and 105 townhomes and any water rate increase or wastewater service increase over 5% would pose an unfair and unwarranted hardship to our community. The Commission granted Utility Source, LLC an increase of 11% in 2007 to Bellemont residents. In light of the stagnant economy, current recession, and salaries unable to keep up with the cost of living, this high increase puts our residents in economic hardship. We respectfully ask the Arizona Corporation Commission to deny Utility Source, LLC this unfair and unwarranted water rate increase.</p>
